EMAIL IS BEST!

Thank you for making your advance purchase of digital files. You now own all images produced during the senior portrait sitting. You can use them to order other products as you need them.

There is one last step to complete the process. You must use the enclosed form to indicate which images are to be edited as part of your purchase. Once the form is received by Gemshots, the images chosen will be edited. This process takes **2 to 3 weeks**. The edited images will then be returned to your gallery where you can download them and use them for any purpose.

Scan the form as PDF or Jpeg and return by email to info@gemshots.com. Please send the form, not just the information. We need the form for our records.

The form contains your choice for the **Yearbook**. We need that information no later than **September 15, 2025**. After 9/15/25, Gemshots will make the yearbook choice.

This is the second year we have used the advance purchase option. It seems to have been well received. If you have suggestions as to how we might improve the process, please send us an email, info@gemshots.com.

Thank you,

Jim Matthews
