

To the Class of 2026 and families,

The Senior Portrait process is about to begin. Gemshots will be your photographer for this important part of your senior year. It is our goal to make the process as easy and stress-free as possible.

What we do:

On Picture Day, we offer you the option to enhance your session in many ways at no additional charge. We only offer a “full service” session.

We will, of course, make a formal (indoor) portrait in a studio setting. This is the image that will be used in the yearbook. Then, we offer several casual (outdoor) portraits around the campus. This is where you can customize your session to suit your needs. You can bring the entire family, or siblings, the dog, the dog and the siblings, whatever. If you can get them to the campus, we can make the picture for you. If you are bringing a pet, you must bring a “handler” for the pet. If your pet is something other than a dog, you must contact Gemshots IN ADVANCE for instructions.

There is no additional charge for these additional services.

After the session, you will be given access to view and purchase products as needed. You may make a digital purchase in advance at a significant discount. That option will be detailed in your appointment process.

We will be making the photographs in and around the Hendrix-Chenault Theatre and some other spots around campus

Please take the time to read all information prior to making your appointment. If you have additional questions, please contact us.

Thank you,

Jim Matthews

To the Lovett Class of 2026 and Parents:

Gemshots is pleased to be the photographer for your senior portraits this year. We have worked at other schools near Lovett for 12 and 20 years. We plan to be at Lovett for the foreseeable future.

Please make your appointment by May 1st!

In recent years, our most popular product has become “All images (Unedited) in Jpeg format”. With that in mind, you can now choose to make that purchase, at a discount, at the same time you set up your session appointment. When you make your appointment, you will have the option to upgrade the appointment to a “Digital Appointment”, or a “Premium Appointment”. These options will include all images (unedited) plus editing done on images of your choice. The savings will be significant, but only apply when purchased in advance. **Once your session has been completed, you will not be able to upgrade.**
